

December 22, 2020

Dear ECMS Families,

We hope that everyone is staying safe and healthy during this time. The Middle School is hopeful we will be able to have scholars return to the building for instruction on Monday, February 1, 2021.

In order to get ready for our expected return, we need your help by filling out the [survey](#) below:

1. We need feedback from all families to let us know what is going well and what we can do better whether your child is staying full remote or planning to come back to the building.
2. If your child is full remote and you want him/her to come back to the building for instruction, we need you to let us know so we can plan scheduling.

Complete this [survey](#):

If you have any questions or concerns, please contact Ms. Ramsey- Donyella.Ramsey@equalitycs.org or Ms. Migdalia (Spanish) - migdalia.frasqueri@equalitycs.org. We look forward to answering all questions at the upcoming webinars in January.

Here are some frequently asked questions from our families:

How will the school determine if it will definitely open Monday, February 1st?

We look at NYC infection rates and keep a close eye on issues concerning public transportation as many of our scholars rely on public transportation to get back and forth to school. We are confident we can keep scholars safe in school, but we need to make sure your child will be as safe as possible traveling as well.

If my child was signed up for hybrid, do I still need to complete the survey?

Yes, we want your feedback to make our program stronger. Your voice matters!

What if I select the hybrid program and then want to change after the school has gone back to the building?

We will be using cameras to stream classes (like our high school), so your child will still be able to attend classes with their cohort from home. This will help create more stability for all scholars.

Best Wishes,

Amanda Huza
